Report

Latisha spoke about the high volume of people using the park after Covid-19 restrictions were lifted. Due to budget cuts and the high volume of people using the park FMCP now has a litter problem. She is urging groups to volunteer to help keep the park clean.

She addressed restroom cleanliness. There's an issue with illegal vendors on 111st. There is also an issue with illegal vendors in the park. The group Queens Distance Runners independently remove garbage from the park, they hope to coordinate future cleanups with the parks department. Fishing is permitted but the rules state that you must release if you catch. Catch and release rules also pertain to Blue Crabs.

John Wang in collaboration with the Census will have an event on September 26.
