Special Guest

Daniel Zausner, Chairperson of Alliance for Flushing Meadow Corona Park.

Report

Daniel Zausner acknowledged the great work Janice Melnick and her staff is doing with the park. Daniel also acknowledged the work that Mitchell J. Silver, Commissioner, NYC Parks gave to the Alliance for the past three years. When Council Member Julissa Ferreras-Copeland started the Alliance she tried to recruit people on the board who would generate the revenue that can be used for the park. Daniel expressed his mission as the Chair is to get more people on the board who are capable of raising funds for the Alliance.

Daniel stated that the Alliance Board will work with City Hall to do everything possible to continue to bring on members who can generate more money for the park.

Daniel clarified that the Alliance is not there to operate the park. They are there to support Janice and her team and fill in the cracks with financial support for things that the park budget cannot get to. He thinks the Programming Committee is the most essential part of this.

The CAB is the community and they can support the Alliance by generating income to support programming. They can also determine what programs interest the community.

Meeting adjourned at 8:00 PM.
